Scope of Practice (2010):

- Confined to Vascular Surgery – Arterial and Venous
- Includes vascular radiology and interventions - angiography, angioplasty and endovascular procedures
- Office procedural work – Non-surgical venous procedures : ultrasound-guided sclerotherapy (UGS), endovenous laser therapy (ELT).

Overview:

I am the principal of Southern Vascular which is a specialist vascular surgery practice covering most areas of vascular surgery. The practice is based at Epworth Hospital, Richmond. We emphasis endovascular and endovenous procedures. No general surgery is performed and there is a minimal amount of other categories of work i.e. medico-legal cases, Workcover, TAC. Professional activities centre around the two relevant professional societies i.e. MVSA and ANZ SVS.

Specific Professional Interests:

- Angioplasty and stenting for PVD
- Aortic stent grafting (EVAR)
- Carotid endarterectomy
- Endovenous laser therapy – refer www.evl.com.au
- Thrombophilia, DVT in surgery
